Prior to entertaining a motion to adjourn the president asked if there was any old business. Mr. Degnan reported that Staff had invested the proceeds of the 2007 Levy consistent with the direction of the Board ascertained via poll. He reported that since the date of the last meeting the Fund received the proceeds and that Staff after consultation with Fund fiduciary counsel sought authority from the Board through a polling process to invest the proceeds consistent with the following communication sent to the Trustees on July 12, 2007 to which all Trustees responded in the affirmative.

“Pursuant to the direction of the Board on July 1, 2010 regarding the third quarter cash funding recommendation contingent on receipt of the 2007 levy proceeds, this communication serves to inform you that the full amount due with interest was received on July 2, 2010. Accordingly, we will suspend the cash calls from managers for the third quarter and use these proceeds to fund benefit payments. These funds are expected to be disbursed on a monthly basis according to the estimated benefit payments of $25 million per month.

To maximize yield and minimize risk during the third quarter disbursement period, we recommend that $100 million be managed by Dreyfus in our existing BarCap Aggregate Index account in the form of a Treasury structure that replicates our current duration exposure within the fund. Funds would be made available on a monthly basis to meet benefits in $25 million increments during the third quarter disbursement period.
Our investment consultant concurs with this recommendation. The comparable yield on a weighted average basis is 1.23% compared to .3% for the cash sweep account. This is in line with the existing liquidity enhanced mandate for the BarCap index fund. The temporary overweight to Treasuries is expected to result in minimal tracking error. Procedures as approved remain in effect for the Forest Preserve District Fund.

We have consulted with Fund counsel who is of the opinion that based on the Investment Staff’s recommendation; it is within the Board’s fiduciary and financial obligations to promptly invest the 2007 tax levy proceeds. Accordingly, we are seeking Board approval at this time, based on the Motion of Trustee Fratto, seconded by Trustee Fitzgerald, to invest $100 million of the 2007 tax levy proceeds with Dreyfus in the Fund’s existing BarCap index account with directions that the proceeds be invested in Treasuries.

We would ask each trustee to respond to this email noting: (i) affirmance of the Motion based on the Investment Staff's recommendation; (ii) rejection of the Motion or (iii) whether the trustee requires additional information to render a decision on the Motion. Once we have received each trustee’s response, we will inform you as to the results of the trustee poll on the Motion.”

It was moved by Trustee Kilgallon and seconded by Trustee Fitzgerald that the Fund ratify the action taken with respect to the proceeds of the 2007 Levy as approved via Trustee poll since the last regular Board meeting.

**Vote Result:** MOTION ADOPTED UNANIMOUSLY BY VOICE VOTE.

7. Adjournment

After consideration of all other items of business, it was moved and seconded that the meeting be adjourned.

**Vote Result:** MOTION ADOPTED UNANIMOUSLY BY VOICE VOTE.
