

A Quick Guide Your CCPF Benefits

COOK COUNTY FUND

What is CCPF and what does it do with your contributions?

The Cook County Pension Fund (CCPF) is a defined benefit public pension fund governed by Illinois Pension Code 40 ILCS 5/1-101 et. seq. CCPF administers pension benefits, as well as survivor, disability, and retiree health benefits to employees and retirees of Cook County and the Forest Preserve District.

CCPF is governed by a 9-member Retirement Board that includes 7 elected (3 active Cook County, 1 active Forest Preserve District, 2 retiree Cook County, and 1 retiree Forest Preserve District) and 2 appointed trustees.

Your pension—or annuity—benefit includes three sources. As a Cook County employee, your pension includes your lawful contributions of 8.5% of your annual salary, which supports your retirement annuity, survivor annuity, and cost of living adjustments; a match by the Employer at a multiple of 1.54; and income from the investment of those contributions into our top performing investment strategy. Since 2016, the Employer has agreed to provide additional contributions to CCPF from the sales tax on an annual basis.

Employees of Cook County become eligible for a pension when they've worked for Cook County at least 10 years.

At 10 years you are vested and eligible for pension benefits with some conditions based on your age, when you entered Cook County employment, and your years of service.
